

SHRADHA G DEVARDE

Software Development Engineer (Entry-Level) | Full Stack Developer

Marunji, Pune, Maharashtra | 8277275723 | devardesh@gmail.com | [linkedin.com/in/shraddha-devarde](https://www.linkedin.com/in/shraddha-devarde) | github.com/Shradha-Devarde

PROFESSIONAL SUMMARY

Full Stack Developer with a 9.04 CGPA BCA and two internships delivering production web features using Java, Spring Boot, React.js, and MySQL. Built and shipped full-stack applications covering REST API design, responsive UI development, and SQL query optimization. Strong foundation in OOP, DSA, and DBMS. Seeking an entry-level SDE role to build scalable, user-focused software.

TECHNICAL SKILLS

- Languages: Java, Python, JavaScript, SQL
- Frontend: React.js, HTML5, CSS3, Bootstrap
- Backend & APIs: Spring Boot, REST API design & integration
- Databases: MySQL (query optimization, schema design, CRUD operations)
- Tools & Practices: Git, GitHub, Postman, VS Code, Eclipse, MySQL Workbench, SDLC, Agile basics
- Core CS Fundamentals: OOP, Data Structures & Algorithms, DBMS, Computer Networks

PROFESSIONAL EXPERIENCE

Full Stack Development Intern — Kodnest Technologies

Jul 2025 – Apr 2026

- Built and maintained full-stack web application features using Java, Spring Boot, SQL, HTML, CSS, and JavaScript, contributing to functionality used across multiple project modules.
- Designed and optimized SQL queries and database schemas, improving data retrieval efficiency and supporting reliable CRUD operations across the application.
- Debugged and tested application code end-to-end, identifying and resolving defects to improve functional stability and user experience prior to release.

Web Application Development Intern — Infynow Software Solutions LLP

Feb 2025 – Mar 2025

- Built responsive, cross-browser web pages using HTML5, CSS3, JavaScript, and Bootstrap, improving layout consistency across desktop and mobile viewports.
- Enhanced client-side interactivity and UI usability by implementing dynamic JavaScript components in collaboration with a 3-person development team.
- Partnered with senior developers to translate design requirements into functional, reusable web components.

PROJECTS

Task Buddy — Responsive Task Management App — React.js, JavaScript, HTML, CSS

- Developed a full-featured task management web app in React.js supporting task creation, editing, and deletion with real-time UI updates via efficient state management.
- Designed a mobile-responsive interface ensuring consistent usability across screen sizes.
- Structured component architecture to minimize re-renders and improve application performance.

Employee Management System — Desktop CRUD Application — Java, Java Swing, MySQL

- Built a desktop Employee Management System in Java Swing with full CRUD functionality backed by a MySQL relational database.
- Applied OOP design principles to structure a maintainable, extensible codebase for employee record management.
- Optimized SQL queries for data storage and retrieval, improving database interaction efficiency.

CERTIFICATIONS

- Full Stack Development Certification — Kodnest Technologies, Bengaluru
- Web Development Certification — Infynow Software Solutions, Belagavi
- Power BI for Data Analysis Certification — iFutureTech Solutions, Belagavi

EDUCATION

Bachelor of Computer Application (BCA) — CGPA: 9.04 — Rani Channamma University – Jain College of BBA, BCA and Commerce, Belagavi

Pre-University (PUC) — 88.6% — Smt. Neminava Kudachi PU College, Belagavi

Secondary School (SSC) — 85.12% — Muktang Vidyalaya, Belagavi
